Lower Poulza Post is a naturist campsite situated on a working farm and set in the naturally tranquil heart of North Cornwall, secluded yet close to the sea. A warm welcome is always provided to both new and regular campers.

The campsite was established over 20 years ago and many of our campers have become firm friends and visit us regularly from both the UK and worldwide.

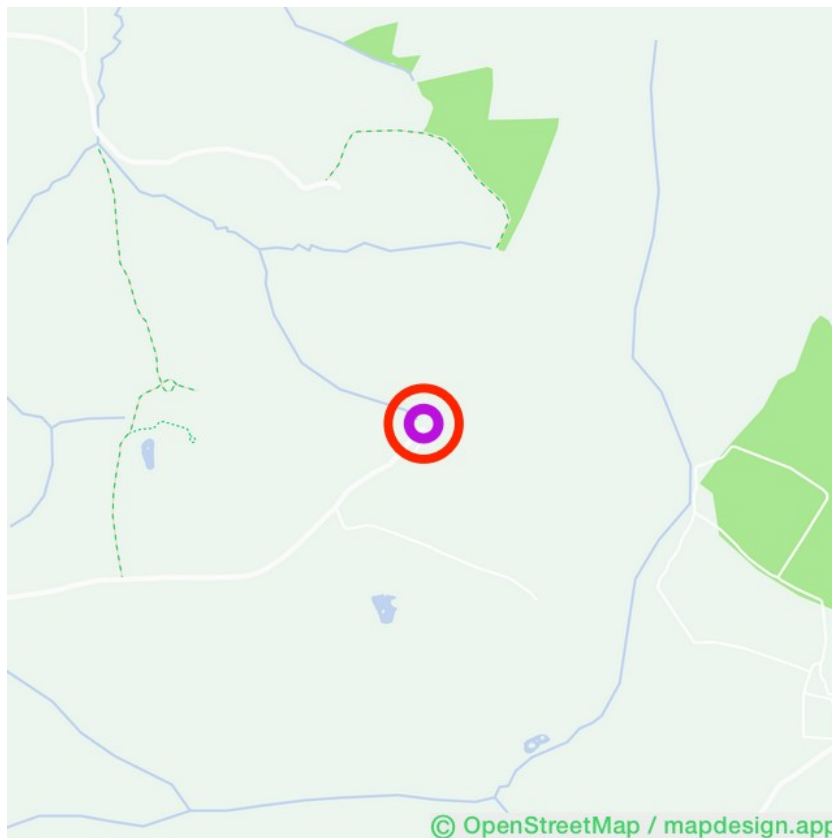

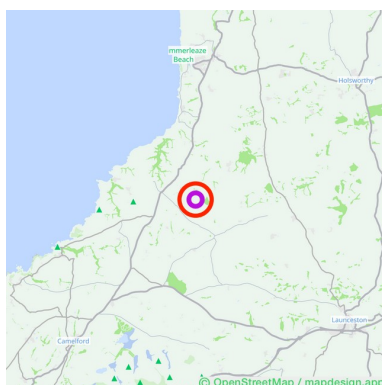

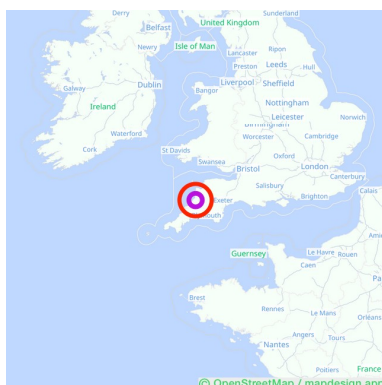

We provide a range of pitches for tents, campers, caravans and motor

homes. Larger units are welcome, however please discuss this before you arrive in order to ensure that a pitch of the correct size and location can be reserved for you.

The site is open all year, however please contact us before leaving home in adverse weather conditions such as heavy rain or snow. Whilst we realise that during the winter months you may not wish to be naturist, we still have some beautiful and lovely walks in the Cornish countryside and along the coast, which is only 10 mins drive away. You will see all the beautiful flora and wildlife in its natural unspoiled habitat.
