This is a membership-organized non-sexual nudist club, not a commercial nudist resort or campground. Everything is free: membership, nude pool parties, other clothing-optional social activities, foods, drinks, etc. Events are held in the homes and secluded gardens of volunteer group members in the towns around Naples and Fort Myers. Current membership includes over 1,850 nudist couples and single women and men.

Members can invite their friends to the parties, whether they're nudists

or not. Newcomers are always welcome, even if they've never before attended a friendly social event with naked women and men. Participants can wear as many clothes as they like, or none at all, with never any pressure to undress.

The group's extensive website at <https://meetup.com/FloridaNaturists> shows full details and photos of all the previous events, each of which have been attended by from 10 to 83 members and their guests. Members can register to attend the free upcoming events posted on the website. Only registered members can see who else is a member, so your privacy is protected.

It takes just a minute to join the group for free, with no obligation. We look forward to introducing you soon to some of the other friendly members at an upcoming party. We
